## Construction Time-Lapse: Single Family Home Built in 5 Months

Posted on March 8, 2017 by admin

Buying a home is one of the most important decisions people make. The owners of this beautiful house near Atlanta, Georgia have a visual diary of the construction of their dream home since the homebuilders chose a [Work Zone Cam construction webcam](#) to document the building process from groundbreaking to landscaping.

Work Zone Cam partnered with Edward Andrews Homes to time-lapse this new development. Five months of 12 megapixel images were archived and then edited into a movie that shows the process, start to finish.
